

FOAMIES EYE PROTECTION

To whom it concerns:

Foamies eye wear is a product composed of 3 raw components and the exact information regarding these components is confidential as is the direct source of supply of these ingredients.

Under the OSHA HazCom Standard 29 CFR 1910.1200 the Foamies product is exempted from the requirement of a Material Safety Data Sheet as the finished product is not considered to contain hazardous chemicals. This evaluation is based on information within our company and in accordance with the OSHA standard.

Yours Faithfully
